Hello [REDACTED]

Thank you for emailing the office. I want to thank you for using our city services like 311 and the non-emergency hotline. We depend on the active citizenry to help notify and bring awareness to issues within our vast city. We are working alongside with many city agencies to address the homeless, street sweeping, and parking enforcement issues in the district. However, this is not an easy feat, so please continue to use these services while we work on getting a comprehensive, humane solution for all.

In the meantime, I invite you to get in contact with Dominique Vitti, my Area Representative. I have included her in the email and hope we can work together for the betterment of our community.

Thank you

To: <COUNCILMEMBER.RODRIGUEZ@lacity.org>

Hello Monica,

My name is [REDACTED] a resident of LVT. I have been here for over 20 plus years and have never seen so much trash and illegal activate in my neighborhood.

It has brought sadness to my eyes and my children are very unhappy too.

I contact 311 and the non-emergency hot line more now then ever. What can you do to bring back the smile on my face and the joy in my children's heart?

I know this is God's world and everyone needs a place to live, however If I have to follow the rules of the lands, even the homeless must do the same.

Illegal dumping and braking the law, parking their campers where ever and leaving their trash behind; is unacceptable.

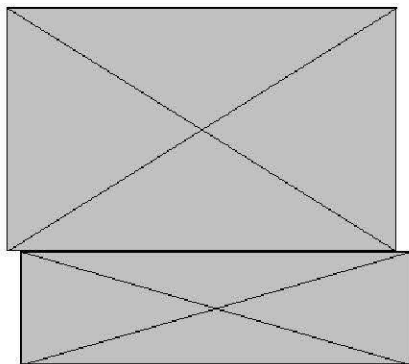

Help!

Respectfully,

Not a happy camper!!
